CREATE ACCESS ACCOMMODATION PROJECT

The CREATE Access Accommodation Project (CAAP) is a service for people who are seeking assistance to find independent long-term accommodation. Our Mission is to provide real choices and real options for people with a disability to live in their community.

CAAP will provide information, resources and appropriate assistance to people wanting to live more independently within their community. The CAAP worker assists people to find suitable and satisfying accommodation options; working together to ensure the best outcome is achieved.

CAAP can link clients to appropriate service providers and other support networks where needed.

Once placed, a CAAP worker will maintain contact and support for a further twelve months.

CAAP:

- For people with a disability wanting to live independently in the community.
- For all ages and abilities.
- Assistance to transition into independent accommodation.
- Facilitates property modifications where needed.
- Can liaise with appropriate organisations or agencies on client's behalf.
- Helping with payment plans and getting services connected.
- Comprehensive database of accommodation contacts and options.
- Can facilitate meetings between potential housemates.
- Is a FREE service.

'Everyone should have the chance to develop their own pathways to achieving their dreams in the areas of: Education; Employment; Training, Work experience; Accommodation; Health; Money management; Independent living.'

Accommodation Project

We can help you to

- **live on your own.**
- **rent, buy or share a home.**

We will call or visit you after

you move to see that you are ok.

This is a free program.
