DRIVERS EDUCATION PROGRAM

The purpose of CREATE's driver education program is to assist people in gaining their Learners Permit. The program is designed for people who have difficulty with reading or who have learning difficulties. The program runs for ten weekly one hour sessions and focuses on teaching participants all aspects of obtaining their learners permit with an emphasis on safety and the responsibilities involved in having a permit.

Each lesson provides one to one assistance, is individually catered to the individual and run at their own pace. The lessons are varied and individualized and include the use of both Visual and Verbal learning tools such as Road Safety Computer Programs. Assistance is provided in all steps of the learner permit process, including filling in forms and providing support when undertaking the test if required.

Drivers Education

We can help you to get your

Learners Permit

- 1 hour lesson a week
- 10 lessons
