TRAVEL TRAINING

The Travel Training Program aims to provide people with the self confidence to travel on all forms of public transport.

Individuals will be supported in all aspects of travel planning, safety awareness and how to deal with emergency situations.

The program, following a travel needs assessment, is individualised to each person. The program will address, in real terms, each person's specific public transport travel needs.

This is a fee for service program and costs will be negotiated with each referral.

This service may not accommodate everyone's needs due to geographical restraints. Eligibility for this service will be determined on a case by case basis.

'Everyone should have the chance to develop their own pathways to achieving their dreams in the areas of: Education; Employment; Training, Work experience; Accommodation; Health; Money management; Independent living.'
